Administrative Changes

- **GitHub Discussion Forum Updates**
    - In order to keep only relevant discussions active, we are starting to archive conversations that are inactive or no longer relevant through locking and/or closing them
    - Locked: There is still relevance to the working group, but discussion is no longer required
    - Closed: Once the conversation is deemed no longer relevant to the WG

Everything will remain publicly available

- **Meeting Recordings**
    - Meeting recordings are uploaded to Youtube: https://www.youtube.com/c/FedRAMP

CR and Rev. 5 CWG - What's different?

Continuous Reporting CWG

- New reporting requirements
- Future-state mechanisms
- Evaluate novel methodologies
- Focus: automation we want long-term

Rev. 5 Continuous Monitoring CWG

- Current monitoring requirements
- Streamline current mechanisms
- Enhance current methodologies
- Focus: automation we need today

Ideas and Themes

- Trust centers: what say you?
- Poll: reporting, blog or social media network?

This week’s discussion starters

- There will be no discussion starters this week as we will be focused on 20x pilot draft package review and Q&A response
- Please keep an eye out in our 20x-phase-one-pilot discussion category for updates and new posts
    - https://github.com/FedRAMP/continuous-reporting-cwg/discussions/41

Working Group Next Steps

- Our next meeting will be held on **June 5th at 1 PM EST**
- If you are interested in bringing forward a topic, prototype, or idea to this working group, post in the discussion forums
  - **This is NOT an opportunity for product pitches**

Thank you for coming
and we will see you in
the forums!
